

Inspiring the Great Transition

Please Join us for a talk by Sailesh Rao who is the Founder and Executive Director of Climate Healers, a non-profit dedicated towards healing the Earth's climate.

He is the author of the 2011 book, Carbon Dharma and the 2016 book, Carbon Yoga. He is the Co-Executive Producer of the trilogy of documentaries, The Human Experiment (2013), Cowspiracy: The Sustainability Secret (2014) and What The Health (2017), which explore the systemic causes of human and environmental ill health and of the forthcoming documentary, The Compassion Project.

Compassion for All Creation is infinitely Sustainable...
